School Accountability Report Card
Reported Using Data from the 2015–16 School Year

For Casa Pacifica Non-Public School

Address: 1722 South Lewis Road, Camarillo, Ca 93012
Principal: Mark Capritto, EdD

Phone: 805-366-4072
Grade Span: 1-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Throughout this document, the letters DPL mean data provided by the LEA, and the letters DPC mean data provided by the CDE.

School Description and Mission Statement (School Year 2016–17)

Casa Pacifica is a non-public school (NPS) located in Camarillo, California, and is situated on a rural 23-acre campus five miles from the Pacific Ocean. Casa Pacifica serves abused, neglected, and emotionally disturbed children and adolescents throughout the area and extending to Santa Barbara and northern Los Angeles Counties. The current student population includes students from several counties throughout the state.

Casa Pacifica provides a Nonpublic School, two 24-Hour Emergency Shelter Cottages, two 24-Hour Residential Treatment Cottages, a Short Term Adolescent Recovery Treatment, seven classrooms, a multi-purpose gymnasium, pool, academic and vocational assessments, family support, medical services, psychiatric/psychological treatment, and a variety of community-based interventions for children and their families. Casa Pacifica NPS is a part of the Ventura County Special Education Local Plan (SELPA).

The mission of Casa Pacifica is to provide hope and help to abused, neglected, at-risk children and their families. The Mission of Casa Pacifica Nonpublic School is to provide all students with an education that meets Common Core State Standards. Our academic curriculum program is Thematic Interdisciplinary Project-based with a focus on social/emotional growth. Casa Pacifica NPS provides every student with a safe, relationship-based, therapeutic environment to prepare our students with confidence, positive character traits, and problem solving strategies that enable them to transition to a less restrictive academic setting.

School Facility Conditions and Planned Improvements

The facilities at Casa Pacifica are situated in a clean, safe, and peaceful environment. The non-public school classrooms are adequate for our student population and are structurally sound. There are seven classrooms, a gymnasium, multipurpose room, Multi-Sensory De-escalation Room, swimming pool, softball field, outdoor basketball court, pond with surrounding walking path, cafeteria, kitchen, medical clinic, conference room, and education office. There are no construction plans for the school facility during the 2015-16 school year.

The campus has a complete plant management system and competent maintenance staff that ensures all necessary maintenance and repairs are complete in a timely manner. There is an electronic work order management system to ensure normal maintenance and high priority is given to emergency requests. There is also a complete custodial and housekeeping staff who work very hard to keep our classrooms and office space safe and pleasant for staff, students and parents.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: 2016, November

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education Programs (School Year 2015–16)

Casa Pacifica makes available the following specific courses and/or programs for our students:

Career Technical Center – Formally Regional Occupation Program. Students are introduced to this program during the spring and taken to visit and tour the Center as a means of introduction. In the fall, students interested in specific programs are able to enroll. The staff at Casa Pacifica encourages students who have expressed an interest in vocational education and a particular vocation and/or occupation to enroll in CTE courses. Paid and unpaid internships are made available to students in these programs and at the end of their CTE program students are taken to local community colleges to enroll in similar courses. Students are evaluated throughout their program and specific outcomes are measured through practical evaluation, written evaluation, and a final summary of an Individual Training Plan. Students who pass the course the course receive a Certificate of Completion.

Vocational Maintenance Course – This course is open to all students at Casa Pacifica, however, our focus is with our junior and senior students who have expressed a desire to enter the world of work upon graduation from high school. Students who show interest in working with maintenance and grounds meet with cite administration. A meeting is held with the Director of Maintenance and Operations who shares the requirements to enroll that include submitting a Letter of Introduction, Resume, and Application for the position. Once the documents have been received, the student goes through an interview and the interview team makes a decision on student enrollment. Progress is monitored through work order completion and the degree to which the task has been complete and in an appropriate manner.

Workability – Sponsored by the California Department of Education, this program is designed to assist students with disabilities to enter the world of work. Casa Pacifica students are given an opportunity to train for jobs and gain experiences in the private sector. Funding is available for students to earn income through part-time employment for specified amount of time. Throughout the program, students receive individual training on job exploration, finding a job, creating a resume, completing a job application, and mock interview. In support of the student, Casa Pacifica provides students with an interest inventory, interviews students who best fit the criteria for entering the Workability program, and provides support and guidance for students wishing to enter the world of work on a part-time basis while completing their high school education.

Casa Pacifica uses a Thematic Interdisciplinary Project-based curriculum and requires integration and use of technology that includes PowerPoint presentations, Google Docs, construction of projects using a variety of medium including wood, cardboard, paper, and other materials. Student are given a contract/rubric that enables them to proceed at their own pace and create a specific project based on the guidelines provided. The contract is a viable scholastic tool used by students as a plan. At the end of the focus area and/or theme, the student is responsible for providing a written and/or oral presentation that answers the “essential question” and the learning goals identified at the beginning of the theme.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016–17)

Parent participation and engagement is a key criteria to assist in improving student academic achievement, reducing student absences, reducing student behavior concerns, and connecting students to the learning process. To help engage our parents, Casa Pacifica employs a Parent Partner and School Liaison to serve as a family representative and liaison to the school.

Casa Pacifica holds Family Night two Tuesday evenings each month, and families are contacted to attend dinner and activities that include school functions, program awareness, therapeutic activities, and support services to assist in working with their youth. This is also a great opportunity for parents to meet with school leadership and ask questions or share concerns.

Parents are also invited to Treatment Team Meetings held for students where progress and/or needs for their youth are discussed, and plans created to assist in academic and behavioral success. Parents are invited to all IEP meetings and serve as active participants.

Instructors and school leadership have taken an active role in recruiting parents to assist as volunteers in classrooms, art, field trips, physical education, and our quarterly exhibitions.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and

School Safety Plan (School Year 2016–17)

A disaster plan is in place in the event of a major catastrophe such as an earthquake, fire, or other large scale disaster. Each classroom is equipped with an emergency service backpack that includes emergency supplies. This backpack is checked for inventory and restored annually, or following any event where supplies may have been used. There is a triage available for those who may be injured and connect with local emergency medical services in the area. Fire drills are held monthly and disaster drills are held one time each semester. There is a campus-wide safety committee within the agency that meets monthly and is responsible for reviewing and updating the disaster and other emergency plans. Casa Pacifica NPS follows the Standard Emergency Management System (SEMS) that is implemented by all California public agencies.

Types of Services Funded (Fiscal Year 2015–16)

Academic Instruction - The curriculum is adapted from LACOE Road to Success Academy (RTSA) and is Thematic Interdisciplinary Project-based and is specialized academic instruction for Special Education students in grades K-12. The curriculum is specifically designed to assist students with social emotional growth. Casa Pacifica NPS contracts with local school districts to provide this service to students who, due to social emotional issues, are less able to access their education and in need of a more restrictive academic environment.

Therapeutic Services - Student/clients receive Therapeutic support services that include individual and group therapy, and speech and occupational therapeutic services are contracted with an outside agency.

Transportation Service - Transportation is provided for students of referring districts.

Master Agreements are created between referring districts and SELPAs that clarify specific requirements and collaborative agreements.

Individual Service Agreements (ISA) are developed when students are accepted to Casa Pacifica and cite specific services and requirements.

Professional Development

Professional Development Activities include but are not limited to the following primary focus areas;

- Curriculum and Instruction - Thematic Interdisciplinary Project-based Learning
- Annual school/agency-wide policies and procedures
 - SAFE
 - First Aid/CPR
 - Mandated Reporting
- Google Classroom and Go Guardian
- MSDR review
- SEIS & SIRAS Data Management Training
- Neuroscience and PersonBrain
 - PBIS
 - Classroom Management
- Instructional Strategies
- Implementation of Common Core and NGSS

Delivery of Professional Development - All staff meet five days prior to the beginning of school for Professional Development Week. Additionally, early release Wednesdays are used for professional development, faculty meetings, WASC accreditation, and curriculum development.

Teacher Support - Due to the limited number of teachers, Casa Pacifica staff utilize a "Teach the Teacher" model of support. During our early release Wednesday, staff who attend professional development activities off site are responsible for teaching staff what they learned. Staff who attend professional development activities develop a modified training of their learning and present to the entire staff.
